

APRIL 30 - MAY 2, 2010  
SHERATON GATEWAY HOTEL  
LOS ANGELES, CA

As it is increasingly more difficult to use School District Funds (i.e. Title I staff development funds) to attend professional development conferences, we want to make sure the 2010 CCEA state conference offers high quality workshops and staff development in order to justify your attendance and participation. The workshops being planned will pertain to some of the following topics: increasing attendance, increasing CAHSEE passage rate, increasing test scores, increasing graduation rate, decreasing school violence, etc. **Here is a list of workshops that are currently being planned, listed by various strands.** *Workshops will be held on Friday afternoon, Saturday morning, Saturday Afternoon, and Sunday morning.*
